WORK EXPERIENCE

UI/UX Designer

Sep 2015 - Present Searchtap.io (BitQit pvt ltd)

SearchTap (www.searchtap.io): A SaaS search solution for websites (eCommerce, Media and Publishing, etc.), mobile applications and enterprise software built on platforms like Magento, Shopify, WooCommerce, WordPress etc. to deliver lightning fast, powerful search experience to their users.

Responsibilities

- Create search page mockups for businesses using Figma, Adobe XD & Photoshop.
- Convert UI Designs into front end code using HTML5, CSS3, SCSS, SASS, Flex.
- Design graphics, layouts, animation and manipulate images to suit web/mobile pages.
- Cross-platform and browser testing of the websites & fix any bugs.
- Ensure design consistency with the customer's development standards and guidelines.
- Work closely with the engineering team & product owner to ensure designs are executed correctly and incorporate any feedback from stakeholders.
- Continuously discover, evaluate, and implement new technologies to maximize design/development efficiency.
